PLANT CONNECTICUT

Once a year, CNLA members make a collaborative gift to the people of Connecticut by re-landscaping a non-profit site. The PlantConnecticut program has been a feature of our Association since 1950, usually held the first week of October. To volunteer your time and equipment, or to donate plants, please call the CNLA office at 800-562-0610.

Guidelines For the Nominating Committee (adopted November 17, 1997)

Each year at the Annual Meeting, the Nominating Committee must present a slate of officers and directors to the membership. Although members of the Board of Directors must be nominated each year, under normal circumstances, most of the members of the Board will already be serving. Usually, each officer will step up one position: Secretary becoming Treasurer, Treasurer becoming Vice-President, then President and remaining on the Board as Past President. The person nominated for Secretary will normally be one of the seated directors, with consideration given to seniority, provided this person is willing to commit to being an Officer of the Association for five years. The Bylaws state that a person cannot remain a director for more than four successive years without becoming an officer. The person or persons to be nominated for a position as director shall be selected from the membership, usually a person who has served as a chairman of one of the more active committees of the Association or has proved an interest in the Association in some other way. The Nominating Committee should seek input from the seated Board of Directors regarding good candidates, as the Board should be aware of the merit of the various committee chairmen or other members whose interest in the Association makes them worthy of joining the Board. As amended thru January 1998.
