Gypsy Moth Outbreak in Connecticut

by Shelton Herald

Gypsy moth caterpillars on an oak tree in Bethany. (Photo by Gale Ridge, CAES)

Widespread gypsy moth activity and some tree defoliation has been detected this summer across areas of Connecticut, according to the Connecticut Agricultural Experiment Station (CAES).

Reports of activity have been most notable in New Haven, Middlesex, and parts of Hartford and New London counties.

SURVEY

Needs Assessment Survey - UConn Nursery IPM Program 2015 Now Open!

Dr. Alejandro Chiriboga, Visiting Assistant Extension Educator at the University of Connecticut, Department of Plant Science and Landscape Architecture, is conducting an online Needs Assessment Survey which attempts to clarify the current Integrated Pest Management (IPM) training needs for the Nursery Industry in Connecticut. With your assistance we will be able to determine the relative importance of key management issues you face and determine where to focus our efforts.

Please take this brief one-time only survey which should only take about 10-12 minutes, but the results will provide valuable information to the UConn Nursery IPM Program.

Your Anonymous Survey Link:

https://uconn.co1.qualtrics.com/SE/?SID=SV_9mfrlwVHkieVII1

Or you can copy this link, then paste it into an email or website.

This survey will remain open from June 1 to August 31, 2015.

Thank you in advance for your input and time!

**Register Now for the
Connecticut Accredited Nursery
Professional Program 2015**

CNLA's annual **13-week certification program** will teach you the basics of botany, plant identification, and professional horticultural information. CANP's low admission price - *starts at \$130 for members and \$180 for nonmembers* - makes accreditation open to all persons in the nursery and landscape industry.

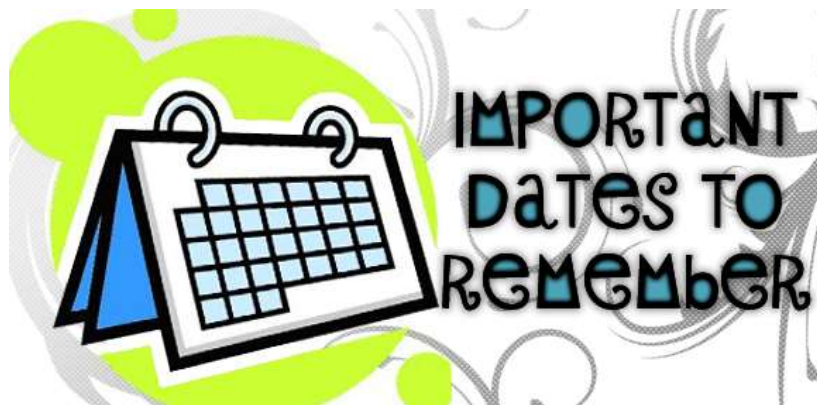

Classes start **August 18th** at the **Jones Auditorium** in New Haven, CT!

Register Today!

CNLA is on Twitter!

If you don't have a Twitter account, go to <https://twitter.com/signup>. Enter your name, your email address, and a password. On the next page, select a username-type your own or choose one that Twitter has suggested. They will tell you if the one you want is available. (Usernames are unique identifiers on Twitter). Click "Create my account." (You may be asked to complete a captcha to let them know you are human.) Next, you just need to begin finding and following accounts that interest you. Following others means you are subscribing to their tweets.

Once your Twitter account is established, log in and search for @CNLA_1907 and click "Follow." It's that easy!

Let us know if your organization is on Twitter by following us. We would like to follow you and help promote your organization by re-tweeting!

Do You Like Us on Facebook?

If not and you would like to sign up, follow these easy steps to create an account and follow the Connecticut Nursery & Landscape Association.

1. Go to <https://www.facebook.com/>.
2. Fill out the "application" to sign up. You will need an email and a password.
3. Once you are signed up, search for Connecticut Nursery & Landscape Association. Click on the page and then click on the "Like" button to follow CNLA.
