

Sam Bridge Nursery & Greenhouses has a rapidly expanding Container Garden & Seasonal Decor program, now seeking an

INSTALLATION INTERN:

Learn how to create outstanding container gardens, gain landscape installation experience, and expand your knowledge of annual plant materials working alongside our Container Specialist, who has 25 years of experience in the horticulture industry.

Tasks of the Position:

- Installation of outdoor container plantings
- Installation of annual plantings and vegetable gardens
- Coordination of inventory for installations

Applicants must be:

- Organized
- Efficient
- Possess a sense of urgency
- Observant of details
- Proactive and self motivated
- Able to communicate clearly
- Positive-minded
- Able to work during all weather conditions
- Able to endure physical tasks for 8+ hours per day
- Able to lift 50lbs
- Currently enrolled in a horticulture class/program, or enrollment within the past 2 years (or have at least 1 year of experience working in the horticulture/landscape industry)
- Must be available April, May, & June for a minimum of 8-10 hours per week. Additional hours possible for the right candidate; pay rate dependent on candidate experience. Future full time employment opportunities are possible upon successful completion of internship.
