

SAVE MONEY ON YOUR CREDIT CARD FEES

CNLA proudly announces a credit card processing opportunity with Integrity Merchant Solutions (IMS).

A Testimonial From John Curran Jr., CFO The Robert Baker Companies

"We started working with Lisa and Integrity Merchant Solutions mid-year 2020. Lisa was an invaluable resource as we worked to model out the potential savings making a change in our credit card processor would provide. Implementation of the new system went very smoothly and training was thorough and extremely flexible. The savings are significant and better than expected. Questions are answered with one phone call to Lisa, and that level of service is not something we were receiving with our prior relationship. Highly recommend a call to Lisa!"
